

Dorevitch Pathology Health Fund Agreements

Dorevitch Pathology have agreements with the health funds listed below. If you are insured with one of these funds, while you are a private hospital inpatient you will not be out of pocket for Medicare rebatable pathology tests. Dorevitch Pathology will directly bill your health fund if details provided to us are accurate and correct.

Private patients with a health fund who does not have an agreement with Dorevitch Pathology will receive an out of pocket invoice up to a maximum of \$400 per hospital stay.

Any tests performed which are not Medicare rebatable will attract an out of pocket expense and are not covered by the \$400 cap.
